

Stria/ Raked Face

Typical 8" Size

Unit Properties:

- Units exceed ASTM C-90. Higher strength units allow for more efficient structural designs.
- Recommend all units be manufactured with proper dose of integral admixture for water repellency and test units to ensure performance.
- All units are shipped on pallets. The pallets are wrapped and labeled to ensure units are clean and dry and to reduce potential chippage.

Installation Tips:

- A good unit for interior use.
- Accommodates switch plates and wall fixtures while still adding subtle texture.
