

# Scored

Typical 8" Size

## Location & Size Availability

- Kirchner Block & Brick Eastern Region of MO
- Midwest Block & Brick Southern Region of MO
- Midwest Block & Brick Central Region of MO
- Midwest Block & Brick Western Region of MO Eastern Region of KS
- Midwest Block & Brick Northwest Region of TN Southwest Region of KY
- Midwest Block & Brick Northwest Region of AR Northeast Region of OK

## Unit Properties:

- Units exceed ASTM C-90. Higher strength units allow for more efficient structural designs.
- Recommend all units be manufactured with proper dose of integral admixture for water repellency and test units to ensure performance.
- All units are shipped on pallets. The pallets are wrapped and labeled to ensure units are clean and dry and to reduce potential chippage.

## Installation Tips:

- A classic 8" x 8" module works in many situations. If raking joints on exterior, you must consider coating or high solids sealer to deter water absorption through joints.
